

AH JEEZ....
YOU SHOULD
HAVE BEEN MORE
CAREFUL.

AH....
SORRY.

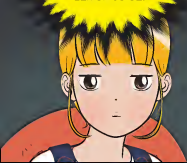

A blonde girl with a red top is looking out a window. She has a surprised expression. A large speech bubble is coming from her.

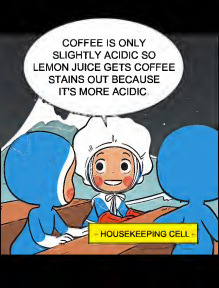

COFFEE
STAINS DON'T
COME OUT...

?!

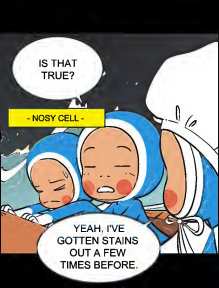

YOU CAN GET
RID OF COFFEE
STAINS WITH
LEMON JUICE.

COFFEE IS ONLY
SLIGHTLY ACIDIC SO
LEMON JUICE GETS COFFEE
STAINS OUT BECAUSE
IT'S MORE ACIDIC.

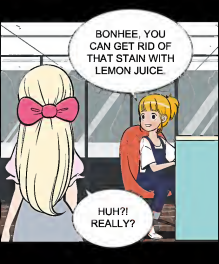

- HOUSEKEEPING CELL -

IS THAT
TRUE?

- NOSY CELL -

YEAH, I'VE
GOTTEN STAINS
OUT A FEW
TIMES BEFORE.

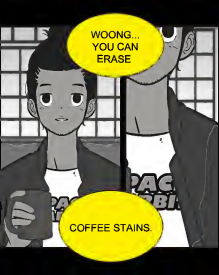

A comic panel featuring two characters. On the left, a girl with long blonde hair tied in a ponytail with a large pink bow is seen from behind. On the right, a girl with short blonde hair, wearing a red cape over a white shirt and dark blue overalls, is facing her. They are in a room with large windows in the background. Two speech bubbles are present: one from the girl in the cape and one from the girl with the ponytail.

BONHEE, YOU
CAN GET RID OF
THAT STAIN WITH
LEMON JUICE.

HUH?!
REALLY?

YEAH, I'VE
GOTTEN RID
OF COFFEE
STAINS BY
DOING THAT
A FEW TIMES

A comic panel split into two scenes. The top scene shows a girl with blonde hair in pigtails, wearing a red cape over a white shirt and blue overalls. She has a distressed expression, with large, wide eyes and her hand covering her mouth as if crying. The bottom scene shows a boy with dark hair, wearing a white shirt, looking towards the left with a serious expression. Two large, jagged yellow speech bubbles are present, one in the top right and one in the bottom left.

A cartoon illustration of a blonde woman with a red cape, sitting at a desk and crying into a tissue. A speech bubble above her head contains the text. In the background, there is a window and a laptop on the desk.
